

SUPPLEMENTAL EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Todd Oberditch, Reg. No. 44,268 on 21 May, 2009.

The application has been amended as follows:

IN THE CLAIMS:

In claim 54, line 3, --of the wind turbine, the rotating means comprising one or more shafts-- has been inserted after "means"

In claim 54, line 4, "at the" has been changed to --during--

In claim 57, line 1, "the moving of" has been deleted

In claim 65, line 3, --securing-- has been inserted before "at"

In claim 65, line 3, "being secured" has been deleted

In claim 65, line 4, "and connected to the rotating means," has been changed to --connecting--

In claim 65, line 4, --to the rotating means of the wind turbine, the rotating means comprising one or more shafts, said auxiliary device-- has been inserted after "device"

In claim 65, line 5, --during transportation-- has been inserted after "still"

In claim 65, line 7, --during transportation-- has been inserted after "still"

Claims 72-78 have been cancelled.

Art Unit: 3745

Claims 79-97 have been cancelled.

Claims 98-104 have been cancelled.

2. A Supplemental Examiner's Amendment is issued in order to correct errors and inconsistencies in the previous Examiner's Amendment, mailed 1 June, 2009. The content, scope, and purpose of the amendments remain the same. Any inconvenience to the Applicant is regretted.

3. The above changes to claim 54 have been made to provide proper antecedent basis, positively recite the wind turbine as structure, and to remove potentially indefinite or confusing language.

4. The above change to claim 57 has been made to remove potentially indefinite or confusing language.

5. The above changes to claim 65 have been made to provide proper antecedent basis, positively recite the wind turbine as structure, and to correctly present the process in definite method steps which are different from those in claim 54.

6. Claims 79-97 have been cancelled to place the application in better condition for allowability.

7. Claims 79-97 and 98-104 have been cancelled to place the application in better condition for allowability because they belong to Group II claims, non-elected without traverse.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to SEAN J. YOUNGER whose telephone number is (571)270-3763. The examiner can normally be reached on M-F 7:30-5:00 EST, Alt. Fri off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Edward Look can be reached on 571-272-4820. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
